"The prices things are going for are too good to pass up. Having a new MacBook for that cheap is pretty awesome!"

"Digital cameras and laptop computers are suddenly affordable again with SwipeBids! The cost of bids plus the items final price can come out to far less than retail value."

"It's fun just to play SwipeBids, but winning an LCD TV on top of that just makes it so much better."

"The value offered by SwipeBids is unbelievable... you can save around 80 percent on big name brands. Impressive."

SB SwipeBids - Save up to 90%, Bid to Win Unbelievable ...

(UPS Tracking #1ZA722W84217687852)
John won his Macbook for only \$186.43! Here's his tip to help you win.
"I started off with this strategy, and it definitely paid off. Basically I just spent some time focusing on winning only the bid packs, because they were going really fast and seemed easy to win. Once I collected a whole mass of bids, I went all out on the Macbook and won it that same night!"

WIRED

"Meet Gary Fowler — an energy consultant who works from home... won \$39,000 worth of retail on these sites, having spent \$18,000 to get it. He sent [us] the spreadsheet of all of his successful bids. It's four pages long, and compares the total cost including bids and shipping against the retail value for every conquest."

The New York Times

"...the auctions are fun and challenging while offering the possibility of a killer deal."

BBC

"Successful bidders can win anything from a television to a car or a cash sum, for a fraction of its real cost. Sandeep Anantharaman is one bidder who has won in style. He bid less than \$10.53 for a new Mini. Not surprisingly, he is delighted."
